

# The protection you need for your clients plus the recurring revenue you want.

Become an **OVERSITE Website Integrity Plan Agency** and receive a 15-20% commission for each client—for the **entire** time they remain a client.

Sleep soundly knowing your clients are being looked after—making you look like the hero!

## Take care of your clients and make some cash with a white label website care plan you can trust.

**We know what it's like to be a small agency with high standards.** You launch amazing websites only to visit them later and see the less-than-stellar changes your clients have made that the site's still on WordPress 5.2 with 28 outdated plugins.

We all love our clients and we truly want them to succeed but getting them to understand website maintenance is like trying to teach T-Rex to play tennis.

### Be the hero your clients need.

We know you want what's best for your client (even if they don't.) By getting your clients on "your" new website care plan, you are giving them the same high calibre service they've come to expect from you.

You become a long-term partner they can trust and rely and advocating for proper website maintenance as part of website ownership is vital. By giving them the option to outsource the necessary technical aspects of website ownership, you're helping them get back to what they're meant to do.

# What's Included?

We offer several plans featuring variety of coverage, so there is a plan for everyone. However, if a client needs something specific, we can tailor a plan to their needs.

Here is a quick list of some of the 150+ tasks we do each month for your clients:

## All Packages Include:

- WordPress framework, theme & plugin updates (licensed)
- Offsite backups
- Security Scanning / Firewall
- Safe Updates w/ Rollback
- Mobile/X-Browser Testing
- Uptime Monitoring
- Hosting & SSL, (not a requirement)
